Dear our valued partners,

Subject: Integration with Mitsubishi Corporation Life Sciences Limited

We, Vitamin C60 BioResearch Corporation, are pleased to announce that we will be integrated into our parent company, Mitsubishi Corporation Life Sciences Limited(hereafter, MCLS) on April 1st, 2024.

MCLS has positioned the health field, including the cosmetics business, as a growth business in its mid-term business plan. Through the integration with MCLS, we plan to achieve growth in our cosmetics business. We believe that this integration will allow us to expand our portfolio of service and offer our customers even more advanced and sophisticated products.

We would like to assure you that our business will continue to operate as usual, and that all of our products will continue to be available for purchase. If you have any questions or concerns, please do not hesitate to contact us.

Thank you for your continued support.

Yours faithfully,
Vitamin C60 BioResearch Corporation

Kenji Oike / Chief Executive Officer
